Baza tekstur

kolekcja tekstur

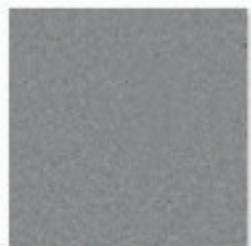

tom 1

Baza tekstur - kolekcja tekstur tom 1 - bazę podzieliliśmy na sześć czytelnych kategorii: beton, cegła, drewno, kamień, metale oraz inne okładziny. Kolekcja zawiera ok. 680 elementów, z czego najliczniejsze kategorie to kamień i drewno.

Z przyjemnością oddajemy w Państwa ręce tekstury w bardzo dobrej rozdzielczości, większość z nich występuje również w dużych rozmiarach (przynajmniej jeden z boków tekstury ma aż metr długości/szerokości). Ponadto część podkładów udostępniliśmy w trzech różnych formatach, dzięki czemu tą samą teksturę można swobodnie nałożyć zarówno na małe powierzchnie, takie jak cokoły, jak i na całe ściany w projektowanym pomieszczeniu.

Zobacz co przygotowaliśmy specjalnie dla Ciebie!
