

3D MODELS

DESIGNERS SELECTION

VOLUME 1

Designers Selection vol. 1

is a result of our common work. Thanks to engagement of our customers, who casted votes for their favourite and most interesting objects, we created this unique and fascinating database of various 3D models. There is more than 300 carefully selected interior desing elements, which will make your work easier and more exciting at the same time!

Designers Selection vol. 1

- users with a valid Service Package receive the database for **FREE**,
- users whose Service Package has expired can purchase the database in a very attractive price of **100 Euro**.

This first volume of the database is only the first step in our new project, which we want to successively develop in cooperation with our customers and partners.

We would love to see you engaged in it too!
