

BASE OF

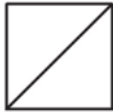

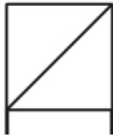

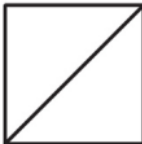

ARCHITECTURAL
AND CONSTRUCTION SYMBOLS

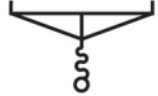

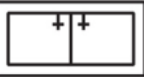

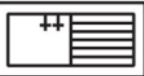

Base of architectural and building symbols

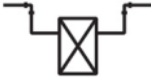

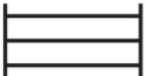

will facilitate and accelerate the implementation of the interior design project. Contains basic building designations, technical elements and interior design. The database is compatible with all programs: CAD Decor Pro, CAD Decor and CAD Kitchens and is available in Polish language version.

see what we have prepared
especially for You 

	stair installation switch		bipolar socket		set of signaling buttons
	bipolar socket		bipolar waterproof socket		electric clock
	fan		socket tri-pole		telephone
	cross installation switch		ceiling light spot		summoning bell
	connector general symbol		punkt świetlny sufitowy z oprawą		electric counter
	single-pole watertight installation connector		ceiling light spot with a frame		rectangular washbasin with one draw-out point
	single-pole watertight installation connector		electric counter		rectangular washbasin with two draw-out

 <p>freestanding bathtub</p>	 <p>bibcock valve</p>	
 <p>built-in bathtub</p>	 <p>world sides</p>	 <p>gas channel</p>
 <p>shower tray</p>		
 <p>toilet bowl</p> 	 <p>chimney flue</p> 	  <p>ventilation duct</p>
 <p>bidet</p> 	 <p>CO boiler for solid fuel</p>	
	 <p>CO boiler for liquid fuel</p>	 <p>CO boiler for gas fuel</p>

	electric CO boiler		wall shell urinal		battery with a movable spout
	heating fireplace		single washbasin		shower battery with a movable shower
	constant heating stove		double washbasin		plumb water cold or hot
	heater for gas fuel		basin on pedestal		sewers vertical
	electric heater		automatic washing machine		column radiator
	2-bowl kitchen sink		straight valve		board radiator
	kitchen sink with drainer		straight valve		tubular or ribbed radiator

 gas meter	 bipolar connector	 intercom
 a junction box or junction	 dimmer	 kitchen stem for gas or liquid fuel
 junction box with wires, connection	 luminaire with a fluorescent lamp - general symbol	 electric kitchen stem
 power distribution centre with five outlets	 fluorescent binding with three luminaires	
 multiple electric install socket	 lighting fixture with five fluorescent	
 socket (the electricity installation) with protective contact	 electric heater with discharge	
 connector with a limited closure time, single pole	 electric fan with discharge	

Base of architectural and construction symbols

Customers with active service package will receive a free base.

We invite you to take advantage of the latest database now.
